

Math Workshop Planning Template

Goal: What will students come to understand?

Task: What learning activity will leverage that understanding?

Mini-lesson: What skills or concepts will I explicitly teach and how?

Assessment: How will I know when learners understand?

Math Workshop Planning Template, *continued*

	Teacher	Student
Mini-lesson How will learners be engaged and prepared?		
Work time How will the task, tools, materials, time, and students be organized?		
Sharing and reflection How will learners share and reflect on their experience?
